

PRESENTS
FOR
PATIENTS

Christmas is the season of giving!

Presents for Patients is a toy drive started by Avery Clear, a 10 year old girl who was diagnosed with Stage 3 Wilms cancer at the age of two. She underwent surgery and treatment at Children's Hospital of Pittsburgh. As a survivor, she tries to collect as many toys as possible to give to children who are still battling cancer.

The Rochester Area School District is partnering with the Presents for Patients effort in order to provide as many toys as possible for these kids!

What: New, unwrapped toys

For Who: Children of all ages

When: Monday, December 5th through Friday, December 14th

Where: Donation centers have been set up in all three buildings

- Outside Elementary Office
- Outside Room 1605 in Middle School
- Outside High School Office

Please consider joining us in this great act of kindness during the holiday season.

If there are any questions, please see Mrs. Williams in the Middle School.
