Add an account to Gmail (Android)

If you'd like to add other accounts to your Gmail app, follow these steps:

1. Open the Gmail app.
2. Touch the menu on the top left ☰.
3. At the top, touch the little down arrow to the right of your username.
4. Touch **Add account**.
5. If you're adding:
    o   *A Gmail or Google for Work address*, touch **Google**.
6. Follow the steps on the screen to add your account.
7. Be sure to use your new email account user@rasd.org and the password you just created.

Switch between multiple accounts

Messages on the Gmail app stay separate for each separate account. **To switch between accounts**:

1. Open the Gmail app.
2. Touch the menu on the top left ☰.
3. At the top left, touch the smaller circle representing the account you want to switch to.
